NO. 35

S. L. ROGERS FOR RE-ELECTION AS TRUSTEE

S. L. Rogers, having received the unanimous endorsement of the Republicans of Marion county for re-election as Trustee, authorizes his announcement this week in the News to the voters of Marion, soliciting their vote and influence.

There is not the slightest doubt but that Mr. Rogers has made a most efficient trustee, and that the multitude of friends he has made by his prompt attention and courteous treatment, are anxious to see him re-elected to the office.

His books are kept neatly and accurately, and are open to inspection at any time if you want to learn anything about taxes or accounts, and he is eager to answer any inquiries that may be made.

It is always in order to retain a good official, at least so we believe, and we trust the voters of Marion will endorse Mr. Rogers for a second term with a rousing vote in August next.

S. S. TATE FOR RE-ELECTION

S. S. Tate, the popular Circuit Court Clerk, of Marion County, announces for re-election in this issue. Mr. Tate had the honor of running for the office which he has filled so capably, thrust upon him by his party, no one opposing him in the primary. He has made a very efficient clerk and now comes before the people of Marion desiring reelection. We believe he has hundreds of friends in Marion who will cast their ballot for him in August next with a hearty good will as befits recognition of a faithful official of the county.

Mr. Tate is always courteous and obliging in the conduct of his office, and we have never heard any criticism of the manner in which the records are kept, which leads us to believe that he has a clean bill of health as regards that.

Mr. Tate solicits your support by vote and influence in the coming election, and will appreciate the favor.

HON. W. M. CAMERON FOR STATE SENATOR

OUTLINES POSITION ON ALL QUESTIONS

Would Refer Constitutional Amendment on Prohibition and Woman Suffrage Question to Direct Vote of the People of Tennessee.

To the Voters of Marion County:

In making my announcement for the Democratic nomination for the office of State Senator, I feel and know that you have the right to know my position on public questions, and I do not hesitate to tell you just how I voted as a member of the last house of Representatives, and how I shall vote as your senator.

By reference to the records you will find that I supported by my vote every pledge of the democratic platform. I promised to do so, and I did it.

I voted for, and supported with my humble influence, the increase of pensions for the old soldiers. I voted for and espoused the cause of liberal appropriations to all our educational institutions. I voted for and heartily endorsed all legislation looking to the betterment of conditions at our insane asylum, our school for the blind and our state reformatories.

I voted for and secured the passage of the bill abolishing the convict lease system.

I voted for and used my best efforts to pass all bills looking to the betterment of labor conditions having the endorsement of organized labor.

I voted for the present primary bill that gives to each of the dominant political parties the right to hold their own primaries.

I promised the people of Marion county that they should have the right of the ballot box on any "bond issue." Each voter knows that I kept that promise, and if you send me to the senate I assure you that no "bond bill" of any character shall be placed upon you except you do so by a majority vote of all the voters of Marion county. I am for good roads, but our experience is that "bond issues" do not mean good roads. I passed a road bill for Marion county that in my judgement will give us good highways and one that places the building and maintaining of same upon the individuals who use them. At the end of ten years we will have good roads and they will be paid for.

If you return me to the next legislature I assure you that I will be faithful to your trust, that I will support the platform of the democratic party on all party questions, and that I will on all local questions support such measures only that I believe just and right to all the people.

Believing in the principles of democracy, the principles that justify the sending of our boys to foreign soil to fight for the establishment of a world-wide democracy, for a government "of the people, for the people and by the people," I shall vote to refer the constitutional amendment on the prohibition and woman suffrage question to a direct vote of the qualified voters of Tennessee.

I will vote for and diligently work for the development of the state's resources, especially the development of the Herbert Domain.

On all financial questions I will vote as the best interest of the state appears and as though it were my own personal business.

I appreciate the vote of confidence given me two years ago

TEN MILLION HENS

By D. M. Green

The fierce old eagle perched on high has had his praises sung. By poets and by orators since this fair land was young. A wicked, hard old fighter he, but in this eventful day, I vote to place in discard this selfish bird of prey. And for his place I nominate our friend the business hen. With proven worth and patriotism and friend of all true men. To this great war she gives her bit in eggs and poultry meat. To feed our soldiers "over there" and save us from defeat. On backyards, farms and grassy plots where poultry grows and thrives,

Keep hens, raise chickens, produce more eggs and save our heroes lives.

Far better is the cackle when an honest egg is born. Than to hear the Kaiser's hurrah when some human heart is torn. Hence, let us head the warning and rally to a man, And aid the nation-wide campaign that's been launched by Uncle Sam.

More chickens, eggs and poultry meat will seal the Kaiser's fate. Produce them now, not bye and bye, when it may be too late. So let's keep hens, ten million strong, for meat is fighting fuel, Increase our egg and food supply and blot out Prussian rule.

and I assure you that I will again appreciate your support and I pledge myself to the same principles upon which you elected me before.

Faithfully yours,
W. M. CAMERON.

Accident Near South Pittsburg

An accident which came near resulting in the loss of several lives, occurred Thursday morning at the abandoned rock quarry on the pike between South Pittsburg and Battle Creek. The Ford car driven by Fate Nelson, became unmanageable and plunged down a steep embankment. Some five or six passengers were aboard, but no one was seriously hurt. Mrs. Garner, one of the passengers, suffered slight internal injury, and Miss Hazel Tanner sustained a bad cut on the ear.

Special to the News.

Esteemed editor and readers, I am trying again to pick up a few items that may be of interest to some of the many readers who may read it.

The busy time has come again for farmers and gardeners.

Tuesday I went down to see my daughter, Mrs. J. G. Payne. I passed thru some of the best truck farming country to be found anywhere, and everybody is busy planting and preparing to plant large crops. All kinds of vegetable seeds and seed potatoes are very high priced, but that is not holding people back. Everyone seems to think they just have to have them, and one hears but little complaint. Lots of things are up now and looking fine. On a little further south wheat and oats look fine. Lots of corn is being planted this week. The peach trees are in full bloom. It rather puts new life in one to get out and see everything looking so well, and everyone trying to do something to help along.

I received a letter Thursday morning telling me of the sickness of Sam H. Bracken, of Estill Springs, Tenn. He is getting pretty old now and it may go pretty hard with him. Sam is about 70 years of age. If I was able to stand the trip, I would go to see him, but I hardly think that it would be advisable to try it. I will think it over and get advice, and the first of next week if he does not get better I may attempt to go. He has many relatives and friends in Sequatchie Valley. But the old ones are going, one by one, and soon will all be numbered with the past. All we can do is, to be ready when the summons come.

I am glad to see the correspondents getting in line. I hope we will have some good, newsy letters from them this spring.

As I am feeling rather poorly, I will close and hope to do better next time. I wish all the greatest of happiness and prosperity. As ever, Lone Star.

BEFORE PEOPLE OF MARION FOR ELECTION

Byron Graham of Whitwell, having won the Republican nomination for the office of County Court Clerk in the recent primary, now announces that he is before the people of Marion for their support and vote in the August election. Mr. Graham is a cripple and needs the office and has a large circle of friends who are anxious for his success at the polls. He is a steady-going young man, quiet, and always pleasant, and promises the best of services if elected to the office to which he aspires. He will receive the solid support of the Republican party, and, no doubt, many of his Democratic friends, of whom he has many, will remember him with their ballot on election day. We bespeak for Mr. Graham the support of the voters irrespective of party, to come to the aid of a worthy young man, who we feel sure will do his utmost to fill the duties of his office acceptably to the people.
